

# CHANGING LIVES, ONE PLACEMENT AT A TIME.

Major, Lindsey & Africa is proud to be changing lives and the legal community one placement at a time. In 2021, our U.S. In-House Counsel Recruiting team placed 465 in-house lawyers into new roles, of which 25% were diverse. Included in this ad is a representative selection of these placements we made last year.

We are committed to improving diversity, equity and inclusion in leadership roles and on legal teams by presenting talented diverse candidates to our clients. We build relationships with diverse attorneys and support prominent organizations that promote diversity in the legal profession. We are proud of the progress being made and possibilities the future holds.
